A high energy compound feed. Feed to pregnant and lactating ewes along with a source of long fibre at up to 70% of the daily DMI. Not for tups. For full advice contact ECV Animal Nutrition.

Analysis

Oil	Protein	Fibre	Ash
4.0	18	8.1	7.5

Our Trace Element supplement contains Selenium Selenite, for efficient uptake, and ensures that ewes receive high levels of Manganese, Cobalt, Iodine and Zinc which are essential for health and productivity of ewes and lambs.

All our feeds use only quality, properly researched, ingredients at meaningful levels. We use molassed beet pulp for ewe health, sugar content and palatability.
