A high quality blend formulated for optimum conversion & carcass quality. This is a fixed formulation ideal for indoor or outdoor feeding to lambs of all ages. Can be fed ad-lib along with forage and water. Mineralised to reduce Urinary Calculi.

Analysis

Oil	Protein	Fibre	Ash
3.4	15	6.6	8.0

Our Trace Element supplement ensures that lambs receive the necessary Selenium, Manganese, Cobalt, Iodine and Zinc.

All our feeds use only quality, properly researched, ingredients at meaningful levels. We use Beet Pulp for health, sugar content and palatability.

Qualities of Feed

Essential minerals / vitamins / trace elements:

(30mg/kg Vitamin E + 0.3iu/kg Selenium)

BENEFIT

- High flock health status
- Avoids deficiencies

Includes Ammonium Chloride

(Correct Salt level and Calcium to Phosphorus ratio)

- Reduces the risk of Urinary Calculi

High DUP/quality protein

- Improves carcass quality
- Maximises lean meat

High Energy

- For optimum, economical Live Weight Gain
- Faster finish

Contains high level of Beet Pulp:

- Increases sugar content
- Protects rumen health

Unrivalled as a finishing feed, great for lambs over 3 –4 weeks. Suitable for ad-lib feeding.
