A complementary compound feed for growing calves from 10-12 weeks old. High energy, quality protein and good palatability to help achieve the required DLWG. Contains a full level of vitamins and trace elements necessary for growing cattle. Do not feed to sheep. For full advice contact ECV Animal Nutrition.

## Analysis

<b>Oil</b>	<b>Protein</b>	<b>Fibre</b>	<b>Ash</b>
<b>4.3</b>	<b>17</b>	<b>7.4</b>	<b>7.6</b>

All our feeds use only quality, properly researched ingredients at meaningful levels.

## Qualities of Feed

	<b>BENEFIT</b>
Full levels of minerals/vitamins/ and trace elements including B Vitamins	<ul style="list-style-type: none"><li>• Improves immune system</li><li>• Boosts vigour</li><li>• Healthy growth in young animals</li></ul>
High Energy 12.5ME (low fibre, low ash)	<ul style="list-style-type: none"><li>• Above average live weight gain</li><li>• Excellent feed conversion</li></ul>
Soya Inclusion	<ul style="list-style-type: none"><li>• Quality protein to support high growth rates</li></ul>
High Starch content	<ul style="list-style-type: none"><li>• Ideal for rumen development and putting flesh on cattle</li></ul>

**ECV Animal Nutrition's 2<sup>nd</sup> Stage Calf Nuts contain only the best ingredients. High energy (12.5ME), starch, sugar and medium oil make it ideal for both dairy and beef calves as a creep feed or with roughage before rearing or finishing.**
