East Coast Viners
Animal Nutrition

We are hiring

Ruminant Nutritionist or a Trainee/Graduate Ruminant Nutritionist

East Coast Viners Animal Nutrition are one of Scotland's longest running, family owned feed compounders, producing quality livestock feeds for a customer base throughout Scotland.

Due to continued growth and our commitment to delivering the highest quality on farm nutrition, we currently have exciting employment opportunities to complement our existing sales team.

You will be:

- A confident, self-motivated individual with a drive and enthusiasm for ruminant nutrition.
- Comfortable working within a dynamic, developing team to ensure our customer base is best informed
- Able to work remotely on your own initiative

Ideally applicants will have a background working in animal nutrition or have a degree in agriculture or animal science related course, but this is not essential. We would also consider applicants with knowledge of livestock with a drive and willingness to learn.

The successful applicant will enter an individually tailored training programme depending on current qualifications and knowledge. The role will involve travelling so a full driving licence is essential. A company car, phone and computer will be provided. Location can be variable with Scotland-wide travel, an alternative base will be considered.

A competitive salary is offered to the right candidate.
If interested, please send a CV and covering letter, telling us why you would be the right candidate for the job.
